Salvation Army Asks Donations Used Clothing

Children Starting to School Next Month Need Garments

So many of the people of this district have applied to the local Salvation Army headquarters for clothing for their children to enable them to start to school next month that the officer in charge is making a plea for cast off garments of any and every description that can be made over for these little ones.

Many times there is enough good material in a garment that an adult can no longer use to make a little dress and pair of bloomers or a good school shirt for a boy, or perhaps a pair of trousers.

Clothing the children is going to be one of the big problems this winter and the Army here has gathered together a crowd of women that meet at the Army hall for the purpose of sewing and making neat and useful garments out of the salvage.

Anyone who has anything at all that can be used for clothing or quilts is requested to get in touch with Envoy Mrs. King at the headquarters at 1877 Carson street any afternoon or to call 46-W and some one will call.

CHRISTIAN SCIENCE CHURCHES

The statement from the epistle to the Hebrews, "Jesus Christ the same yesterday, and to day, and for ever," constitutes the Golden Text in the Lesson-Sermon on "Christ, Jesus" Sunday, August 28, in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

"One of the Bible selections from Luke includes these verses concerning Jesus: 'Now when he came nigh to the gate of the city, behold, there was a dead man carried out, the only son of his mother, and she was a widow; and much people of the city was with her.' And when the Lord saw her, he had compassion on her, and said unto her, Weep not. And he came and touched the bier; and they that bare him stood still. And he said, Young man, I say unto thee, Arise. And he that was dead sat up, and began to speak. And he delivered him to his mother."

A passage from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, states: "The mission of Jesus confirmed prophecy, and explained the so-called miracles of olden time as natural demonstrations of the divine power, demonstrations which were not understood. Jesus' works established his claim to the Messiahship."

Fire Protection Lomita District Will Total \$9175

Salaries and Wages Largest Item; Captain's Mileage Cut

A total of \$9175 has been requested for the Lomita fire protection district for the present fiscal year, it was revealed today with examination of the preliminary county budget, upon which public hearings are being held this week.

Salaries and wages comprise the largest item in the budget, a total of \$7100. Maintenance and operation administration, mechanical expense, telephone service, insurance and capital outlay for miscellaneous equipment bring the total to \$9175.

A large cut was made in the allowance for the captain's mileage, the budget shows, being less than one-half of that previously allowed. There is but \$100 allowed in the new budget, which last year amounted to approximately \$350.

For operation of the various fire protection districts in the county for the present fiscal year, \$970,948 is set aside.

Quinn Is Sure to Be Elected, Says Campaign Mgr.

Carl L. Hyde Issues Statement Forecasting Big Vote for Supervisor

"Supervisor John R. Quinn will be elected at the primary," declared Carl L. Hyde, manager of Quinn's campaign in the fourth district yesterday. In a public statement, he revealed that a precinct survey indicates conclusively that Quinn will receive "one of the greatest votes of confidence ever accorded an incumbent supervisor in the fourth district."

"Two years ago," said Hyde, "Quinn swept the fourth district in the primary election after having served as supervisor for three months. All signs indicate that he will repeat the victory next Tuesday."

"During the past two years, affairs of the county have come under closer and more critical scrutiny by the public than at any time in the history of the county. The people know what their representatives on the board of supervisors have been doing, how they have been voting and what policies they have supported or opposed."

"Because of this close scrutiny, it has not been difficult to carry the message of Quinn's progressive record to the people of the fourth district. His record itself has been his campaign. His candidacy has won enthusiastic endorsement by all public and semi-public bodies, which represent the popular demand for progressive, fair and economical administration of the county's business."
